15+ Languages
With a therapist who speaks them

"I've seen a tremendous difference in my two kids since they've started at Marble. If you're a parent considering them, go for it — choosing Marble was the right decision for my family. The communication has been incredible, and Marble has become a safe space where my children can grow and feel supported."

MARBLE PARENT

How It Works

1. **Refer**. Fill out the referral form online. Counselors and parents can both submit.
2. **Verify**. We check insurance and schedule the intake appointment.
3. **Start**. Students and parents meet their therapist and build a plan, usually within 3 to 4 days.

Get Started

Scan the QR code or visit **marblehealth.com**. Get your first student the help they need in less than 5 minutes.
